

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:

The Doctoral Internship Program at the Deep Eddy Therapy is designed to be aligned with Deep Eddy Psychotherapy’s values thereby creating a warm, inclusive, and connected culture to provide doctoral interns with a focused and intensive experience in various clinical modalities, including opportunities to provide therapeutic services such individuals, couples, groups, including intake assessment and various consultative support with experts in the practice. The internship consists of in-person services, supervision, training didactics, and support. While there can be assessment opportunities, Deep Eddy Therapy Internship Program is a therapy focused site. Those who are interested in gaining more assessment training and experience may not be the best fit.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	YES	Amount: 350
Total Direct Contact Assessment Hours	NO	Amount:

Describe any other required minimum criteria used to screen applicants:

A minimum of 350 direct contact intervention hours is required. Applicants must also have completed all their coursework for a doctorate in psychology from an APA-accredited clinical or counseling psychology program, completed the dissertation proposal by the internship start date, and passed all comprehensive or qualifying exams. The internship program is primarily a clinical psychology internship program and is limited to doctoral candidates who have a one-year full-time internship as a part of their degree requirements.
